

N&N 450 Litre Twin Shaft Paddle Mixer with Tote Bin Lifter

N&N 450 Litre Twin Shaft Paddle Mixer with Tote Bin Lifter

The N&N 450 Litre Twin Shaft Paddle Mixer is an advanced solution designed to efficiently blend and mix a variety of products across multiple industries, including meat, poultry, fish, vegetables, dairy, cereals, confectionery, pet food, and sandwich production.

Key Features:

- **Flexible Configuration:** Available with or without the Easy Clean Paddle Set-Up for enhanced maintenance convenience.
- **Optional PLC Control:** Can be equipped with a PLC control system, enabling precise recipe management and automated mixing processes.
- **Efficient Mixing Design:** The unique paddle shaft arrangement, with one shaft positioned slightly higher than the other, ensures optimal mixing performance. This innovative design results in a more uniform blend, preserving product integrity and reducing particulate breakdown.
- **Gentle, Fast Action:** The mixer delivers a gentle, rapid blending process that minimizes product disruption, preserving the structure and quality of your ingredients.
- **Side Discharge:** Direct discharge into 200-litre tote bins for easy transfer of mixed products.
- **Total Capacity:** 360 litres (filling capacity).
- **3-Phase Operation:** Designed for 3-phase power supply for reliable and consistent performance.
- **Optional Air-Operated Lid:** For automatic lid closing, ensuring greater operational efficiency.

Machine Dimensions:

- Height: 1600mm
- Length: 1900mm
- Width: 1000mm
- Height (with lid open): 2250mm

With Tote Bin:

- Width: 1900mm
- Height: 2510mm
