N&N Nadratowski Vacuum Tumblers

We have a range of N&N Nadratowski Vacuum Tumblers available at Total Food Machines.

Ideal for massaging and marinating raw products in a vacuum.

Accelerate Curing & Marination:

N&N Nadratowski Heavy-Duty Vacuum Tumblers

Transform your food processing efficiency and dramatically increase product yield with the premium range of N&N Nadratowski Vacuum Tumblers available at Total Food Machines.

Engineered for high-capacity marinating, curing, and tenderising, these heavy-duty systems use a powerful, 99% deep vacuum environment to open up product fiber structures.

This advanced process guarantees rapid brine absorption, superior protein extraction, and maximum weight retention.

Utilising N&N's unique asymmetrical fin design and adjustable tilt flexibility, these tumblers can switch instantly between ultra-gentle massaging for delicate poultry or fish, and aggressive tumbling to drastically cut down processing times for heavy meat cuts.

Equipped with industry-standard Busch vacuum pumps and smart PLC touch screens, they deliver flawless batch-to-batch consistency and automated output

Available in 300, 600 and 1000 litres capacities.

These vacuum tumblers with a built in mechanical drum positioning, allows the machines to tilt to the range of 120 degrees. The tilting action and tumbling process ensures high quality of the product. The tumbling process in a continuous vacuum, ensuring better food safety and product consistency.
