

N&N Nadratowski 650 Litre Twin Shaft Paddle Mixer

N&N 650 Litre Twin Shaft Paddle Mixer

Ideal for Efficient and Consistent Mixing Across Multiple Industries

The N&N 650 Litre Twin Shaft Paddle Mixer is engineered for optimal performance in blending and mixing a diverse range of products. Perfect for applications in the **meat, poultry, fish, vegetables, dairy, cereal, confectionery, pet food, and sandwich industries**, this versatile machine excels in processing both raw and cooked ingredients.

Applications Include:

- Meat and vegetarian burgers
- Sausages and meatballs
- Coleslaw, potato salad, and other wet salads
- Mashed potatoes and vegetables (fresh and frozen)
- Cereal and confectionery products
- Raw pet food

The 650 Litre Mixer is specifically designed to handle free-flowing products that are easy to move, ensuring a gentle yet thorough mixing action without compromising product integrity. Its **unique paddle shaft arrangement**, with one paddle set slightly higher than the other, delivers more efficient mixing while maintaining the desired texture and consistency.

Key Features:

- **Efficient Mixing:** Short mixing times help reduce particulate destruction, preserving the structure and quality of your product.
- **Gentle Mixing Action:** Designed to prevent over-processing and ensure uniform blending of ingredients.
- **Side Discharge:** Directly discharges into **200-litre tote bins** for seamless workflow.
- **Capacity:** Total capacity of **650 Litre**, with a practical fill capacity of **520 Litres**.
- **Dual Speed Settings:** Operates at **18/36 RPM**, offering flexible mixing speeds to suit various product types.
- **Installed Power:** **8.0 kW**, ensuring reliable performance.
- **3-Phase Operation:** Efficient energy consumption suitable for commercial and industrial use.

Machine Dimensions:

- **Height:** 1700 mm (2460 mm with lid open)
- **Length:** 2130 mm
- **Width:** 1070 mm
