

N&N Nadratowski 2400 Litre Twin Shaft Paddle Mixer

N&N Nadratowski 2400 Litre Twin Shaft Paddle Mixer

Overview: The N&N Nadratowski 2400 Litre Twin Shaft Paddle Mixer is a versatile and high-performance machine, ideal for blending a wide range of products across various industries, including meat, poultry, fish, vegetables, dairy, cereals, confectionery, pet food, and sandwiches.

This mixer is particularly suited for mixing both meat-based and vegetarian products such as burgers, sausages, meatballs, coleslaw, potato salads, mashed potatoes, vegetables (both fresh and frozen), cereals, and raw pet food. Its design is optimized for products that are free-flowing and easy to handle, ensuring consistent and efficient blending.

Key Features:

- **Special Paddle Shaft Arrangement:** The twin shafts are designed with one slightly higher than the other, providing a more effective mixing action.
- **Gentle Mixing Action:** The mixer ensures a thorough yet gentle blend, preserving the integrity of the ingredients and maintaining product structure.
- **Easy Clean System:** The N&N 2400 Litre mixer is available with an innovative "Easy Clean" system, which facilitates effortless paddle removal, making cleaning simple and reducing the risk of back strain.
- **Optional Features:** The machine can be equipped with a Tote Bin Lifter, PLC Control for automated operations, and a vacuum option for specialized applications.
- **Reduced Mixing Time:** The short mixing time minimizes particulate destruction, maintaining the desired product consistency.
- **Side Discharge:** The mixer can discharge directly into 200-litre tote bins, improving operational efficiency.

Specifications:

- **Total Capacity:** 1900 Litres
 - **Installed Power:** 22 kW
 - **Shaft Rotation Speed:** Variable speed from 3 to 25 rpm
 - **Weight:** 2950 kg
 - **Power Supply:** 3-phase electrical system
- Dimensions:**
- **Height:** 2220 mm
 - **Length:** 1900 mm
 - **Width:** 1000 mm
 - **Height with Lid Opened:** 2250 mm
