

N&N Nadratowski 300 Litre Z Arm Mixer

N&N 300 Litre Z Arm Mixer (Model: N&N Mix-300Z)

The **N&N 300 Litre Z Arm Mixer** is engineered for the intensive mixing of thick, heavy products such as kebab meat, dough, butter-based products, and a wide range of other food preparations. With its powerful performance and versatile design, it is the ideal solution for large-scale production in the food industry.

Key Features:

- **Versatile Application:** Perfect for mixing products such as kebab meat, dough, butter, shortbread, protein mass, nut bar mix, muffin mix, and various confectionery products.
- **Programmable Operation:** Equipped with a user-friendly colour touch screen and advanced software that supports up to 100 mixing programs for precise control.
- **Vacuum Option:** Available with a vacuum system to enhance curing, protein extraction, and pre-mix density control.
- **Efficient Mixing Action:** Features high peripheral wing speed for effective mixing, ensuring excellent distribution and absorption of liquids, spices, and additives.
- **Optimal Volume Utilisation:** Delivers short mixing and discharge times while maximizing output.
- **User-Friendly Design:** Hydraulically operated lid for easy opening and closing, and reliable, easy-to-clean construction for hassle-free maintenance.
- **Customizable:** Can be supplied with a tote bin lifter for unloading into 200 Litre tote bins.

Technical Specifications:

- **Total Capacity:** 300 Litre
- **Max Filling Capacity:** 180 Litre
- **Installed Power:** 9.0 kW
- **Shaft Speed:** 5-48 RPM (Variable)
- **Dimensions (L/W/H):** 2020 / 960 / 1630 mm
- **Height (with lid open):** 2600 mm
- **Weight:** 1100 kg
