

N&N Nadratowski 1000 Litre Z Arm Mixer

N&N Nadratowski 1000 Litre Z-Arm Mixer

- **Total Capacity:** 1000 Litres
- **Max Filling Capacity:** 600 Litres
- **Shaft Rotation Speed:** Variable speed from 4 to 30 rpm
- **Installed Power:** 24 kW

The **N&N Nadratowski 1000 Litre Z-Arm Mixer** is engineered for efficient and thorough mixing of thick and heavy products, including kebab meat, dough, and butter-based products. It is specifically designed to enhance the absorption of liquids, spices, and additives into the primary product, ensuring consistent results with every batch.

Key Features:

- **Z-Arm Paddles:** The advanced Z-arm paddles provide a highly effective mixing action, ensuring superior consistency and uniformity.
- **Tilting Hopper:** For easy discharge and product handling.
- **Versatile Configuration:** The mixer can be supplied with or without a tote bin loader and discharges into two 200-litre stainless steel tote bins.
- **Programmable Control:** Features a **Mitsubishi colour touch-screen control panel** for user-friendly, programmable operation, allowing you to store and switch between different mixing recipes effortlessly.
- **Vacuum Option:** Can be supplied with a vacuum system to improve curing, protein extraction, and allow precise control over pre-mix density.
- **Easy to Clean:** Designed for quick and efficient cleaning to ensure hygienic operation.

- **Hydraulic Lid:** The mixer is equipped with a hydraulic system for easy opening and closing of the lid.

The **Z-Arm Mixing Action** ensures exceptional mixing performance, including excellent air evacuation before forming stuffing and efficient incorporation of ingredients. This makes it particularly well-suited for industries such as food processing, where both consistency and speed are critical.

The **N&N Nadratowski Z-Arm Mixers** are available in various sizes to meet your production needs, including 300, 500, and 1500-litre models.
