

N&N Nadratowski 500 Litre Z-Arm Mixer

N&N Nadratowski 500 Litre Z-Arm Mixer

Model: N&N Mix-500ZV

The **N&N Mix-500ZV** is the ideal solution for the intensive mixing of thick and heavy products such as kebab meat, dough, and butter-based ingredients. Designed for high-performance operations, this mixer combines advanced features for superior mixing efficiency and versatility.

Key Features:

- **Programmable Control:** Equipped with a colour touch-screen interface for intuitive, user-friendly operation, making it easy to adjust settings for optimal results.
- **Vacuum Option:** Available with an integrated vacuum system, which enhances curing, protein extraction, and allows precise control of pre-mix density. Air evacuation occurs before the stuffing process, ensuring improved texture and consistency.
- **Efficient Mixing:** The high peripheral wing speed ensures effective distribution and absorption of liquids, spices, and additives, achieving uniform results in shorter mixing and discharge times.
- **Robust and Reliable Construction:** Built with durability in mind, the mixer is designed for easy cleaning and long-term, trouble-free operation.
- **Hydraulic Lid Mechanism:** The hydraulically operated lid simplifies the opening and closing process, enhancing ease of use and safety.
- **Flexible Unloading:** Capable of unloading into two 200-litre tote bins for maximum convenience.
- **Optional Tote Bin Lifter:** Available for added convenience in bin handling.
