

Semi Automatic Bag Fill and Seal Line

Semi-Automatic Bag Fill and Seal Line

OK Supersealer Rotary Hot Air Bag Sealer

The OK Supersealer Rotary Hot Air Bag Sealer delivers superior sealing performance through the use of advanced hot air technology. Designed for high-speed and high-efficiency operation, this sealer is ideal for a wide range of bag materials, ensuring seamless sealing with minimal downtime.

- **Advanced Airflow Technology:** Guarantees exceptional sealing quality and consistency across various bag materials.
- **Stainless Steel & Painted Models:** Available in durable stainless steel or cost-effective painted options to meet your specific operational needs.
- **Customizable Conveyor System:** Can be supplied with or without a conveyor system, allowing flexibility in system integration.

Key Technical Specifications:

- **Bag Size Range:** Suitable for all bag sizes.
- **Bag Materials:** Compatible with heat-sealable materials up to 40 mils.
- **Sealing Speed:** Capable of up to 120 feet per minute (36.5 meters per minute).
- **Machine Operation:** Configurable for right-to-left or left-to-right handling.
- **Additional Features:** Optional gas flush capability for enhanced product preservation.
