

W.E. Tray Denester

W.E. Tray Denester

POT, TRAY & TUB DENESESTING

Denesting machinery designed and manufactured to suit your particular tray.

This machine is efficient for your production as it allows the trays to be separate quickly and accurately without intervention.

Machine features:

The machine is a bespoke design in order to cater to your particular packaging

It is a high-quality build, constructed with stainless steel and hard anodised aluminium. This also allows for ease of cleaning, meaning less time is spent on maintenance and more on your production.

Pneumatically operated.

Rack and pinion driven scrolls allow for the trays to be moved along in a linear motion.
