

ITEC Solo Traditio Sole Washer

ITEC Solo Traditio Sole Washer

Solo Traditio, type 23821.

This machine is compact and wall mounted unit, there for allowing for the optimisation of space .

The Solo Cleaner type 23821 is constructed with a rotating brush roller and lateral flat brushes. Therefore, due to this combination the sole in addition to the side rims of the sole and upper part of the boot (leg) are able to be effectively cleaned.

It is simple for operation by grasping the holding device. Whilst also having a sensor system on holding handle

The sensors start the driving mechanism and the dosing of the combined cleaning detergent and disinfectant. Cleaning detergent and water are supplied by separate pipes and then mixed on the brushes. After the cleaning detergent is applied, it is then rinsed with clear water.

Short cleaning times, due to simple removal of the brushes without tools, and low running costs, contribute to increasing the efficiency of the Sole Traditio type 23821.

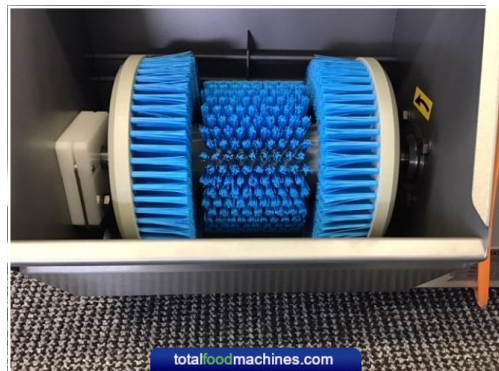

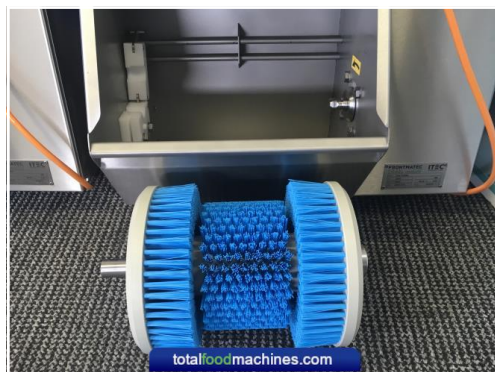

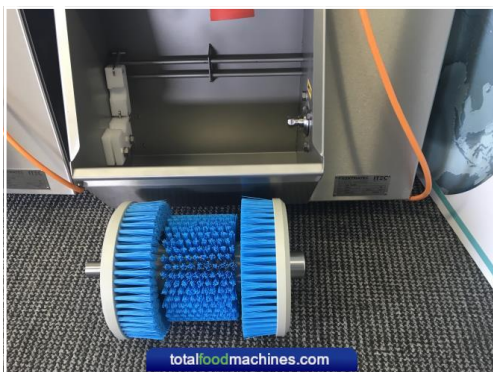

Total Food Machines can supply a variety of hygiene solutions for further information please contact our office on 02890 994 202 or email sales@totalfoodmachines.com
