

Hand Disinfection Turnstile

We have a wide range of Hand Disinfection Turnstiles available at Total Food Machines.

Allowing entry and blocking access from one area to another. Equipped with hand sanitising, superb for hygienic procedures.

Ideal for pubs, restaurants, hotels, butchers, bakers, meat, fish, poultry, vegetable and salad food factories, also petfood processors and many other businesses looking for the best hygiene applications.

These devices are made from stainless steel, used to block and allow the passage into one area.

The device can be installed to the wall.

The Access Stand is released via an access card or the machine sensor
