

OK Supersealer Band Sealer with Conveyor

OK Supersealer Band Sealer with Conveyor

The **OK International Supersealer Band Sealer with Conveyor** is a high-performance, continuous band sealing solution designed for maximum efficiency and speed. These versatile and user-friendly machines utilize **Heavy Duty Band Sealing Technology**, ensuring reliable sealing across a broad range of applications. Available in both **automatic** and **semi-automatic** models, the **SB10** and **SB20**, the Supersealer is ideal for various food and non-food industries.

Key Features:

- **Versatile Applications:** The Supersealer is designed to handle a wide variety of products, including poultry, fish, meat, vegetables, salads, cereals, pet food, dairy, confectionery, frozen foods, animal feeds, pharmaceuticals, and more.
- **Customisable Bag Sizes:** Easily adjustable to accommodate different bag sizes. The sealer head can be raised or lowered based on the specific size of the bag being sealed.
- **Flexible Sealing Options:** Suitable for heat sealable bags up to 24 mils thick, with a seal width of 5/16" (8mm).
- **Adjustable Speed Control:** The machine features variable speed settings, allowing operators to increase or decrease output manually, depending on production requirements.
- **Easy Maintenance:** Designed for ease of use and maintenance, the Supersealer comes with a simple-to-lift front cover and is available with or without an integrated conveyor system for added convenience.

Technical Specifications:

- **Models:** SB10 and SB20
- **Bag Size Range:** Compatible with all standard bag sizes
- **Machine Handling:** Can be configured for left-to-right or right-to-left operation
- **Seal Width:** 5/16" (8mm)
- **Heat Sealable Thickness:** Up to 24 mils
- **Variable Speed:** Adjustable for increased or decreased output

- **Optional Features:** Weighing Systems Gas Flushing Capabilities
