

OK Supersealer Rotary Hot Air Bag Sealer

OK Supersealer Rotary Hot Air Bag Sealer Efficient, Versatile Sealing for Food and Non-Food Products

The **OK International Supersealer Rotary Hot Air Bag Sealer** is a state-of-the-art solution designed to provide high-performance sealing for a wide variety of bags. Utilizing advanced hot air technology, this sealer ensures consistent and precise sealing results, enhancing production efficiency.

Key Features and Benefits:

- **Advanced Hot Air Technology:** Delivers flawless seals with superior airflow for optimal results.
- **User-Friendly Design:** Easy to operate, with models available in **SS1**, **SS2**, and **SS4** for varied production needs.
- **Durable, Washdown Construction:** Built from high-quality stainless steel, these machines are robust, easy to clean, and ideal for hygienic environments.
- **Versatile Application:** Perfect for sealing bags across multiple industries, including food (poultry, meat, seafood, dairy, frozen products, snacks, and more) and non-food sectors (pet food, pharmaceuticals, seeds, etc.).
- **Customisable Options:** Available with or without a conveyor system, and capable of handling a wide range of bag sizes. Variable speed control allows for tailored production rates.

Specifications:

- **Bag Size Range:** Suitable for all bag sizes
 - **Machine Handling:** Flexible direction – Left to Right or Right to Left
 - **Sealing Speed:** Up to 36.5 meters per minute
 - **Heat Sealable:** Up to 40 mils
 - **Variable Speed Control:** Easily adjustable for increased or decreased output
- Whether you're sealing fresh or frozen foods, pharmaceuticals, or non-food products, the OK Supersealer ensures efficiency, precision, and reliability in every seal.
