

WE Mini-Fill Depositor

WE Mini-Fill Depositor

The **WE Mini-Fill Depositor** is a compact, easy-to-set-up filling solution ideal for sauces, gravies, jams, and other liquid products, including those containing small particles.

- **Filler Displacement Capacity:** Up to 410ml per fill
- **Filling Speed:** Up to 100 fills per minute, depending on product consistency
- **Standard Hopper Capacity:** 40 litres
- **Stand Options:** Available with low, mid, and high-level stands
- **Precision Filling:** A comprehensive range of cut-off nozzles for clean, accurate, and repeatable fills
- **Versatility:** Suitable for a wide range of products, including those containing particulates up to 25mm
- **Filling Temperature:** Capable of handling both hot and cold filling applications

Typical Applications:

Ready meals, sandwich fillings, desserts, and many other food production processes.

Optional Features:

- Customisable hopper sizes and styles
- Automated sensing packages
- Retrofit options for integration with existing machinery
- Positive porting for pressure-fed systems
