

Ready Meal Depositor

WE Mini-Fill Depositor

The WE Mini-Fill Depositor offers an efficient and versatile solution for high-speed, precise product filling across a broad range of applications.

Key Features:

- **Filling Capacity:** Up to 410ml per cycle
- **Filling Speed:** Up to 100 fills per minute, depending on product consistency
- **Hopper Capacity:** 40 liters (standard)
- **Available Stands:** Low, mid, and high-level options
- **Nozzle Options:** A wide selection of cut-off nozzles for clean, consistent, and repeatable fills
- **Product Flexibility:** Ideal for products with particulates up to 25mm, including ready meals, sandwich fillings, desserts, and more
- **Filling Temperature:** Suitable for both hot and cold applications

Optional Features:

- Customisable hopper sizes and styles
- Automated sensing packages for enhanced precision
- Retrofit compatibility for seamless integration with existing systems

- Positive porting for pressure-fed system compatibility
