

Stuffing Depositor

W.E. Depositor – Auger-Fed Volumetric Filling Machine

The **W.E. Depositor** is a highly efficient, auger-fed volumetric filling machine designed for precision dispensing of a wide variety of dry and semi-dry products. This includes rice, pasta meals, salads, vegetable products, and much more. Engineered for speed, accuracy, and ease of use, the **W.E. Depositor** delivers exceptional performance while ensuring simplicity in cleaning and maintenance.

Key Features:

- **Versatility & Capacity:** Available in 1, 2, 3, and 4 lane models, the machine boasts a throughput of up to **120 fills per minute**, with a maximum filling weight range of **up to 1000 grams per cycle** (multiple fills optional).
- **Construction & Durability:** Built with **stainless steel** and **food-grade materials**, ensuring long-lasting performance and compliance with food safety standards.
- **User-Friendly Interface:** Equipped with a **Mitsubishi Touch Screen HMI**, including a convenient **recipe menu selection** for seamless operation.
- **Flexible Operation:** Can be controlled via **foot pedal** or integrated with **automated filling control** for indexing or continuous conveyor systems.
- **Accuracy & Speed:** Features a **motor-driven, auger-fed bulk hopper** for quick recharging and consistent fill accuracy.
- **Adaptability:** Adjustable height framework accommodates various conveyor heights, while **swivel/locking castors** provide easy mobility.
- **Safety & Hygiene:** Includes **front and rear emergency stop switches**, **laser-cut guards**, and **interlocked hinged access doors** for enhanced safety. The design minimizes food contact surfaces, ensuring quick and efficient cleaning.
- **Adjustable Control:** **Weight control is easily adjustable**, with a reference scale for precise dispensing.
- **Additional Features:** Pot mask facility to prevent product spillage and optional components like **conveyor latching** and a **hopper agitator** for less flowable products.

Optional Configurations:

- Available with 1, 2, 3, or 4 outlets to meet your specific production needs.

For more information or to inquire about purchasing, please contact **Total Food Machines** at **02890 994 202** or email sales@totalfoodmachines.com.

Transform your filling process with the **W.E. Depositor** – where precision meets performance.
