

Complete Ready Meals Line

Complete Ready Meal Production Line Solutions

At Total Food Machines, we offer a comprehensive range of ready meal production lines tailored to meet your specific needs.

Our versatile and fully customizable systems are designed to streamline the production of a wide variety of ready meals, including lasagne, curries, spaghetti bolognese, fish pies, meat, poultry, fish, and vegetable meals, as well as pre-packaged, frozen, and microwave-ready meals, in both individual and family-sized portions.

Key Features:

- **Denester & Ready Meal Conveyor:** Designed for efficient tray handling and seamless integration into your production process.
- **Multihead Weigher:** Ensures precise portion control for consistent, high-quality results.
- **Rice & Sauce Depositors:** Adjustable to deliver the right amount of ingredients with precision, offering flexibility for various meal types.
- **Customisable Setup:** Can be configured to accommodate 3-5 depositors and tray denesters, with variable speed options to enhance production efficiency.
- **Compatible with Inline Tray Sealers & Sleeveers:** Seamlessly integrates with most industry-standard sealing and sleeving systems.
- **Variable Speed Controllers:** Allow for fine-tuned operation to match production needs.
- **Easy Maintenance:** Designed with simple, user-friendly cleaning processes for minimal downtime.

- **Flexible Line Sizes:** Available in various widths and lengths to fit your production facility.

Our ready meal lines are ideal for producing high-quality, ready-to-eat meals that require minimal preparation. Whether you're looking to produce individual portions or family-sized meals, our systems are fully adaptable to your specifications.
