

Linear Weighers

TFM Linear Weighers – Precision, Efficiency, and Quality

At Total Food Machines, we offer a comprehensive range of Linear Weighers, designed to meet the diverse needs of the packaging industry. Our product lineup includes both single-head and multi-head linear weighers, all equipped with cutting-edge Siemens or Mitsubishi PLC control systems, utilising only high-quality European components.

Key Features:

- **Versatile Selection:** From single-head to multi-head configurations, we provide a solution tailored to your specific requirements.
- **Advanced Control Systems:** Powered by Siemens or Mitsubishi PLC, ensuring reliable and efficient operation.
- **User-Friendly:** Our linear weighers are engineered for ease of setup and operation, reducing downtime and improving productivity.
- **Precision Weighing:** Ideal for measuring and dispensing a wide variety of loose, granular products such as vegetables, grains, nuts, snacks, coffee, and more.

For more information or to discuss your specific needs, please contact Total Food Machines at 02890 994 202 or email us at sales@totalfoodmachines.com.
