

Multihead Weighers for Vegetables

Multihead Weighers for Vegetables

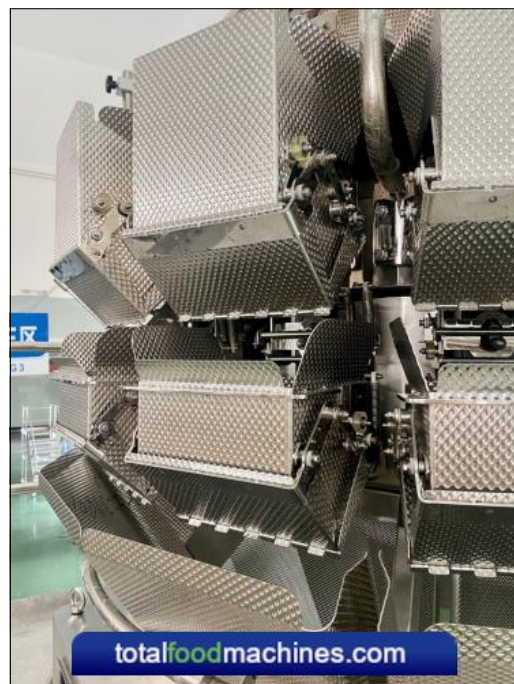

Our Multihead Weighers are designed to provide precise and efficient weighing solutions for a wide range of vegetable products.

Available in a variety of configurations, these systems are ideal for handling both fresh and frozen vegetables, including carrots, potatoes, courgettes, cabbage, diced vegetables, green beans, sliced potatoes, French fries, and many more.

Key Features:

- Available in head sizes ranging from 8 to 36 heads
 - Flexible bucket sizes starting from 0.5 litres
 - Choose between smooth or dimpled buckets for optimal performance
 - Options for high-level gantry or low-level portable systems
 - Constructed from durable 316 stainless steel for long-lasting performance
 - Equipped with Siemens PLC for reliable control
 - Premium components from Schneider, Danfoss, and Airtac for enhanced efficiency
- Whether you're weighing fresh or frozen vegetables, our Multihead Weighers deliver high accuracy and consistent results to meet your production needs.
