

Multihead Weighers for Fruit Products

Multihead Weigher for Fruit and Specialty Products

Designed for precision and efficiency, our Multihead Weigher is ideal for handling a wide variety of products, including fruits, meats (chicken, beef), marinated items, stuffings, cabbage, and other sticky or awkward materials.

Key Features:

- **Durable Construction:** Made with high-quality 316 Stainless Steel, ensuring longevity and resistance to corrosion.
- **Advanced Control System:** Equipped with a Siemens PLC for reliable and seamless operation.
- **Premium Components:** Featuring Schneider, Airtac, and Danfoss components for optimal performance.
- **Rotating Top Cone with Photosensor:** Enhances accuracy in weighing and product handling.
- **Screw Feeders & Dimple Plate:** For precise distribution and flow of materials.
- **Anti-Humidity System:** Keeps operations smooth, even in humid environments.
- **Efficient Discharge:** 55-degree discharge chutes for fast and reliable product release.
- **Customisable Buckets:** Various sizes available to accommodate different product types.
- **Flexible Configurations:** Can be supplied with 12, 14, 16, or 20 heads to meet specific production needs.
