

Kubasik Tote Bin Scale

Kubasik Tote Bin Scale provides fast, accurate ingredient weighing directly from standard 200-litre tote bins, helping food processors maintain consistent recipes and tighter production control.

Manufactured from polished stainless steel with a robust welded construction, it is designed for dependable everyday use in demanding food-production environments.

Featuring a maximum weighing capacity of 300 kg and a reliable Mettler Toledo electronic weighing system, the scale delivers clear, accurate readings through a simple operator display.

Its IP66/67 protection makes it suitable for hygienic production areas where regular cleaning is essential.

Ideal for weighing meat, poultry, fish, vegetables, dry ingredients, ready-meal components and pet food before mixing or further processing.

The open-access design allows tote bins to be moved quickly into position, helping reduce handling time and improve workflow throughout the factory.

Contact Total Food Machines today to discuss the Kubasik Tote Bin Scale or your wider food-processing equipment requirements.

Simple and easy to use Set up for 200 Litre Tote Meat Bins

KUBASIK TOTE BIN SCALE

ACCURATE INGREDIENT CONTROL FOR FOOD PRODUCTION

300 KG CAPACITY | SIMPLE OPERATION | HYGIENIC DESIGN

KEY SPECIFICATIONS

- DESIGNED FOR 200 LITRE TOTE BINS
- 300 KG MAXIMUM LOAD
- METTLER TOLEDO WEIGHING SYSTEM
- IP64/67 PROTECTION
- 230 V AC POWER SUPPLY
- 1 YEAR WARRANTY

BUILT FOR DAILY USE

- POLISHED STAINLESS-STEEL SURFACE
- ROBUST WELDED CONSTRUCTION
- CLEAR ELECTRONIC DISPLAY
- EASY TOTE BIN ACCESS
- ARTICLE NO. 3320300

DIMENSIONS: 1.17M x 1.04M x 1.00M (H) MM

IDEAL FOR CHECKING INGREDIENT WEIGHTS BEFORE THE NEXT PROCESS

MEAT
 POULTRY
 FISH
 VEGETABLES
 DRY INGREDIENTS
 PET FOOD
