## VFFS Bagger

### Enhance Your Packaging Efficiency with Total Food Machines

At **Total Food Machines**, we specialise in providing state-of-the-art Vertical Form Fill Seal (VFFS) machines designed to optimise the efficiency, reliability, and automation of your production processes.

Our VFFS systems are engineered to handle a diverse range of products, including solids, liquids, powders, and granules, offering exceptional versatility for all your packaging needs.

#### Key Features:

- **Durable Construction:** Built to last, our machines are crafted for superior longevity while maintaining the highest standards of hygiene.
- **Advanced Automation:** Equipped with Mitsubishi or Siemens control panels and European-grade components, ensuring smooth, efficient, and reliable operation.
- **Premium Quality Components:** We use only top-tier parts from trusted manufacturers such as Airtac, Danfoss, Schneider, and more, ensuring optimal performance and long-term reliability.
- **Tailored Solutions:** Our machines can be customized with a range of options, including liquid depositing systems, to provide the perfect packaging solution for your business.

### Why Choose Total Food Machines VFFS Packaging Systems?

- **User-Friendly Control:** Featuring a Siemens PLC control system with an intuitive touchscreen for seamless operation.
- **Precision Performance:** Our systems include a servo-driven film running system, pneumatic horizontal sealing control, and precise positioning, delivering superior packaging quality with every cycle.
- **Efficiency-Boosting Features:** Automatic alarm and protection systems help minimize film wastage, improving operational efficiency and reducing costs.
- **Fully Automated Process:** Complete automation for every stage of packaging, including measuring, feeding, filling, bag forming, and date printing.

#### Bag Type Options:

- Pillow Bags
- Gusset Bags
- Hole-Punching Bags
- Vacuum Bags

#### Applications:

Our VFFS machines are ideal for packaging a wide variety of products, including:

- Meat, Fish, and Seafood
- Vegetables, Salads, and Pet Food
- Powders and Liquids

Whether you're upgrading an existing production line or optimising your packaging process, **Total Food Machines** offers customisable solutions that drive operational efficiency, improve packaging quality, and increase overall productivity.
