

Premade Pouch Zipper Bag Rotary Doypack Packing Machine

Premade Pouch Zipper Bag Rotary Doypack Packing Machine

The **Premade Pouch Packing Machine** is a state-of-the-art automated solution designed for efficient and high-quality packaging of a wide range of food products. This machine is engineered for reliability, durability, and ease of use, making it an ideal choice for companies seeking an effective and cost-efficient packaging system.

Key Features:

- **Power Supply:** 220V/50Hz
- **Air Consumption:** 0.6 m³/min
- **Weight:** 1800 KG
- **Control System:** PLC/MCU (Siemens)
- **Pouch Size:** Length: 50–150 mm, Width: 50–200 mm
- **Packing Speed:** 16–60 bags/min (depending on product type)
- **Product Compatibility:** Ideal for various solid food products
- **Energy Efficient:** Reduces operational costs while maintaining high performance

- **Automatic Operation:** Includes automatic bagging, sealing, and labelling features

This machine is constructed from high-quality materials for enhanced durability, ensuring long-lasting performance with minimal maintenance. It offers seamless packaging of pre-made pouches (plastic, paper, or foil) at high speeds, significantly improving productivity.

The intuitive control system and user-friendly interface make it easy to operate, minimizing the learning curve for new users. With a packaging speed of up to 60 bags per minute, this machine ensures a rapid and accurate filling process, saving valuable time and increasing output efficiency.

Advantages:

- **Cost-Effective:** Offers an efficient packaging solution with reduced operational costs.
- **Versatile:** Handles a wide variety of pre-made pouch types and sizes.
- **Durability:** Built to last with minimal maintenance required.
- **Energy Efficient:** Designed to optimize energy use and reduce waste.
- **Reliable Performance:** Ensures consistent and accurate packaging, enhancing overall production quality.

Technical Specifications:

- **Type:** Automatic
- **Air Consumption:** 0.6 m³/min
- **Warranty:** 1 Year
- **Control System:** PLC/MCU Siemens
- **Machine Weight:** 1800 KG
- **Power Consumption:** 2.5 KW
- **Packing Speed:** 16–60 Bags/min (depending on product)
- **Power Supply:** 220V/50Hz
- **Pouch Size:** Length: 50–150 mm, Width: 50–200 mm

- **Product Suitability:** Solid food products

This **Premade Pouch Packing Machine** is perfect for food production facilities looking for a reliable, high-performance packaging solution. Its innovative design, speed, and versatility make it the go-to choice for streamlining packaging operations.
