

Wet PetFood VFFS Bagging Line

Wet Pet Food VFFS Bagging Line

VFFS Bagger with Depositor and Vacuum Filler

Our Wet Pet Food VFFS Bagging Line features a state-of-the-art Vacuum Filler, which seamlessly fills the depositing head while the VFFS Bagger forms the bag.

This innovative solution ensures efficient and consistent packaging for your wet pet food product

S.

- **Exceptional Durability:** Crafted from high-quality 316 stainless steel, this system guarantees superior longevity and meets stringent hygiene standards, ensuring reliability and compliance.
- **Advanced Automation:** Powered by Mitsubishi or Siemens control panels, along with European-grade components, our system offers seamless, efficient operation, reducing downtime and improving productivity.
- **Premium Components:** Featuring components from industry leaders such as Airtac, Danfoss, Schneider, and more, the system ensures optimal performance and exceptional reliability.
- **Customisable Features:** Tailor the system to your specific needs with optional liquid depositing systems and other customisable configurations, designed to meet a wide range of packaging requirements.
